

Submission Form For Design Sew Out for Embroidery Business Specialist Certification

Name _____

Email Address _____

Phone Number _____

Date _____

**EMBROIDERY
BUSINESS
SPECIALIST**

Instructions for Finished Design Sew Out

- Download the artwork for the design to be digitized, sewn out and sent back to us along with your sew file. If you have the .PXF file or .EMB file, send those to us. If you do not have access to those files, send us the .DST file
- Digitize the file for a performance knit garment, such as a San Mar Style No. St350 – You do not have to purchase this particular garment. You can use performance wear that you have on hand. Send the sew out using performance wear fabric.
- Maximum size of the finished sew out should be 3.5 inches wide.

Criteria That We are Looking for With The Finished Design

- Thread tensions
- Underlay Stitching
- Pull compensation
- Quality of small lettering
- Density

Other Information About The Sew Out

- Type of backing used: _____
- What embroidery software did you use? : _____
- What type of needles did you use? _____
- Did you digitize the design or have someone else digitize it for you? If so, who digitized it.

-
- Did you have to do any editing to make it work for you? Explain what you had to do.
-
-

When Completed:
